Hayfield Avenue, Blakes Crossing

The Studio51 gives you an affordable entry into the housing market without compromising on style, space or design. And being located close to the Blakes Crossing Village Centre, they offer you a great lifestyle too.

The open plan design flows beautifully to the outdoor area. Meanwhile the contemporary facade makes a stylish statement for all the street to see.

Studio51 was the winner of the 2007 UDIA South Australia Affordable Development Award.
